Business Lunch with the outgoing Latvian Prime Minister Mr. Valdis Dombrovskis

Mr. Valdis Dombrovskis
Latvian Prime Minister

The Swedish, Norwegian, Finnish and Danish Chamber of Commerce invite to a Business Lunch with the outgoing Latvian Prime Minister Mr. Valdis Dombrovskis (Unity).

Mr. Dombrovskis has been the longest serving Prime Minister in the history of Latvia. He came to power in 2009 as Latvia's economy was sinking into a deep recession and was charged with leading harsh budget cuts and tax increases and implementing tough structural reforms.

He was re-appointed as Prime Minister twice and is widely credited for his achievements in returning Latvia's economy back to growth. Latvia has been the fastest growing country in the European Union over the past two years and just introduced the euro on January 1.

Mr. Dombrovskis will address the following topics:

- **How to grow the Latvian economy, competitiveness and society further**
- **Latvia's future role in Europe, cooperation with Nordic countries and Russia**
- **Development of effective and transparent national institutions**

Date: Tuesday, January 28
Time: Arrival from 11:30, Presentation at 12:00 followed by Q&A
Venue: Radisson Blu Hotel Latvija, Elizabetes iela 55
Admission: 35 EUR members/ 50 EUR non-members
Registration: By Monday, January 27 at 12:00

"Latvia must continue to work on facilitating growth, as well as share its experience with the rest of the European Union. In joining the eurozone, Latvia has not only introduced the European single currency, but also has ensured that there will be economic and political benefits for this process."

European Commission
President José Manuel
Barroso/ LETA
