

# Investment climate in Latvia: Perspective of foreign investors

The 1<sup>st</sup> FICIL Sentiment Index 2015 of the Foreign Investor's Council in Latvia (FICIL) and the Centre of Sustainable Business at the Stockholm School of Economics in Riga (SSE Riga) has recently been published and presented to the Government of Latvia. The report, based on a qualitative survey of 28 foreign investors in Latvia, summarizes key areas of success and improvement with the aim to foster more evidence-based policy decisions and a more favourable investment and business climate.

FICIL in cooperation with the American, British, Danish, German, Norwegian, Swedish and Swiss Chambers of Commerce invite you to a Joint Business Luncheon on the investment climate in Latvia 2015. Joining as a keynote speaker will be Dr. Arnis Sauka, the lead author of the Sentiment Index, Associate Professor of SSE Riga.

Dr. Sauka will present the main findings and discuss:

- Why foreign investors decide to invest in Latvia?
- What are their main concerns?
- How do they see the future?
- Does Latvia stand out as an obvious destination of foreign investments?
- What can the business community do to assist?
